2	Overall, PLE is doing a great job with the financial resources available in a great location.	7/13/2021 11:19 AM
3	Biggest problem I see is not enough people really know about Prime Life especially outside of Carmel. Membership could easily double if all of Hamilton County residents really knew what a wonderful place Prime Life plays in addressing seniors needs.	7/12/2021 8:10 PM
4	Ageism is more of a generational problem. I don't know how to get young people to respect those older	7/12/2021 7:50 PM
5	My dissatisfaction with PRIME LIFE stems from aquatic classes, necessarily distanced during COVID, continuing to list as "full" without tracking members who are not showing up for their registered classes. As a new member I was advised to dress for the pool and drive to the Center and hope a space might be open.	7/12/2021 6:04 PM
6	Reaching Out to 50 and 55 year olds that are bringing their parents to live is critical to help those individuals understand the benefits of socialization and physical act tolization and physical activity and is at a sense of belonging. Especially after the pandemic vulnerable population and older population became more involved relation became more invisible than ever because we literally fell off the face of the Earth. Having a Facility to congregate as well as well as advocate for active seniors in a society is absolutely critical. As lack of affordable housing becomes more and more critical 2 seniors on a fixed income seniors on a fixed income in Hamilton County. Aging in place Can only be done in a healthy way by having a facility to go to And commune.	7/12/2021 5:16 PM
7	I was very disappointed with the total lack of communication to the friendly visitors during covid! I help a 100 year old and when Julie took the position for a short while it was wonderful... really disappointing that the program has withered away. I have offered my help to speak in the community on the program but have had no response.	7/12/2021 5:15 PM
